Payment and Refund Policy

Revised April, 2010

1. **Full payment will be collected for all sports regardless of the date of registration by the athlete.**
2. Any **amounts that remain unpaid at the time of the first practice will preclude the athlete from participating.** This will be enforced. Any exceptions to this rule must be requested in writing to the Sports Council for their consideration and approval. In the event that a registration cheque is returned to us for Non Sufficient Funds, the athlete will not be permitted to participate in the program until a replacement cheque has been issued. Should an athlete pass two consecutive bad cheques, the athlete will be required to register through payment of a money order or cash.
3. A full refund will be given to any athlete who withdraws from a sport prior to the commencement of the second practice of the program.
4. A full or partial refund will be given to athletes who cannot continue in a sport due to illness or injury. This is subject to presentation of a doctor's certificate. The maximum refund issued in this instance will be based on a percentage of the remaining practices in the season. For example, should there be 20 practices overall and the athlete requests a refund after the sixth practice, the amount refunded will be 14/20 multiplied by the registration fee paid. **NOTE: No refund will be issued if the amount determined is less than \$5.00**
5. Any athlete who withdraws from a program when there are less than three practices remaining will not be issued a refund.
6. Requests for refunds will not be considered when requested after a program has been completed for the season.
7. A receipt will be issued, **upon request**, for amounts paid by an individual for a sporting program.

Thank you for your cooperation. Please e-mail the Athlete Registrar at **justanotherregistrar@gmail.com** if you have any questions about the registration process.
